

TH307 Motor Controller

The TH307 is 2 channel bidirectional motor controller capable of switching loads up to 240 VAC and has been specifically designed to control opening/closing roofs. The unit is used for a variety of control solutions, including: opening/closing roof control, pumps, winches, blinds and shutters.

The TH307 features include motor limit detection, rain sensor input option, auto close and latching & non-latching relay control.

The TH307 interfaces with the TecHome TH308 Rain Sensor and TecHome IR & RF remote controls. The recommended remote control is the TVTXQ916A03. The TH307 is available in 1 and 2 motor models.

TH307 Features

- >> Motor Limit detection
- >> Rain Sensor option
- >> Auto close and latching & nonlatching relay control
- >> IR or RF remote control compatible (recommended TVTXQ916A03)
- >> One year Warranty

TH307 Technical Specifications

Size:	130mm x 67mm x 44mm
Weight:	200 gms
Power supply:	12V DC
Operating Temp. range:	0-50 deg C
CTICK:	N3744
Frequency:	916 MHz
Max switching voltage	240V
