

TH529

Series

Product Segments

Motor Controller

Features:

- Control from 1 to 4 motors
- Link multiple units
- Low voltage operation
- Rain sensor input standard
- Factory pre-programmed

Benefits:

- Users are able to simultaneously control up to 4 motors at one time
- Energy efficient

TH529 Motor Controller Kit

The Techome TH529 is a remote controlled Multi Bank Opening Roof/Louvre motor controller which can control up to four motors in sequence, with the added feature of both electronic under & over current protection. With high intelligence, this controller has the parameters to detect obstructions and end of travel limited to protect the motors and linkages.

General Features

TH529	4 motor Controller
Voltage	12V or 24CV DC
Linkage	Up to 16 motors
Maximum Motor Control	4
Protection Class	IP5
Operational Temperature Range	0°-50°C
Compliant to	FCC & CE
